

airomist[®] PEST

Automatic Insect Control with Natural Pyrethrins

The Aiomist Pest dispenser automatically releases microparticles of natural pyrethrins at pre-set regular intervals. A metered or precise amount of pyrethrin is released at every activation which spreads rapidly throughout the control area. Unlike other insect sprays which generally spray onto the floor and other surfaces, Aiomist Pest leaves no residues.

- > Biodegradable natural pyrethrins
