Triple 7 Super Shine

ORGANIC 'GREEN' CLEANING AND POLISHING LIQUID

Triple 7 Super Shine is a non-toxic and non-corrosive solution that is used to clean metal surfaces, ovens and range hoods.

This high performance solution is water soluble and will not harm acrylics, rubber, glass, fabrics or paintwork.

How does Triple 7 Super Shine benefit you?

- > Leaves surfaces cleaner for longer
- > Protects surfaces - no harsh chemicals to etch or corrode surfaces
- > Simple to use - water soluble and easily rinsed off
- > Low allergy - no toxic fumes

What makes Triple 7 Super Shine Genuine 'Green'?

- > High performance cleaning without using harsh or dangerous chemicals
- > Phosphate, caustic and ammonia free
- > Low allergy - no toxic fumes
- > Readily biodegradable - greater than 70% total ingredients biodegradable within 28 days
- > Protects metal surfaces
- > No ozone depleting chemicals or hydrocarbons
- > Contains non-ionic organic surfactants
- > Environmentally responsible - made from renewable resources

Where do you use Triple 7 Super Shine?

The product can be used on bench tops, kitchens, galleys, ovens and range hoods.

Testimonial - A breath of fresh air

"Your product Super Shine is super as the name says. I am an asthmatic and the fumes or smell did not affect my asthma as other products do. Also, the grease just simply fell off. I will continue using this product."

Asthma Sufferer, VIC.

Triple 7 Super Shine is free of petroleum products, glycol ethers, terpenes, strong acids, caustics, phosphates, lauryl sulphates and volatile organic compounds (VOC's).
